“MESSAGE FROM OUR SCHOOL COUNSELLOR”

Mrs. Killam, Guidance

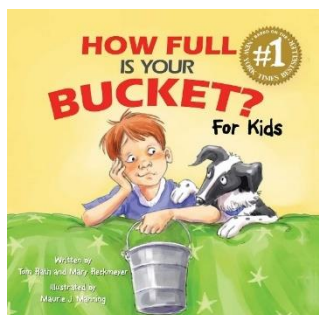

APRIL

At Montgomery Street School, kindness is a big deal! We teach students to be bucket fillers to encourage others and treat each other with respect.

What Is a Bucket Filler? – A bucket filler is someone who uses acts of kindness to make another person feel better. This could be anything! A bucket filler could say a kind word to someone who looks sad or they could help a friend in need. Being a bucket filler can be as simple as smiling at someone or giving someone a compliment!

Why Is It Important? – It's important to be a bucket filler simply because it makes others feel good. People don't feel good when their buckets are empty. However, a full bucket brings a lot of joy!

How Full Is Your Bucket? by Tom Rath – This is a great book to introduce the idea of bucket filling. It teaches the importance of bucket filling so that can students recognize which acts fill a bucket and which ones empty a bucket. I use this book in my classroom lessons!

Yom HaShoah

April 17 – 18th Holocaust Remembrance Day.. is the day Israel commemorates the victims of the Holocaust (the Shoah). The full name is “Yom HaShoah Ve-Hagevurah” – in Hebrew literally translated as the “Day of (remembrance of) the Holocaust and the Heroism.”

APRIL

Hockey intramurals have started for our grade 4 and 5 students! We have 4 teams competing to win the Montgomery Street Cup. Teams have been competing hard and showing great sportspersonship throughout the regular season thus far. We look forward to an action-packed final!

Coming up in April is our circulation ball events (elementary volleyball). There is an open invitation for all interested grade 4 and 5 students to play after school on Wednesday, **April 12th**, for some extra practice. Following this event there is a **Jamboree** for all southside schools to attend at the Currie Center on **Wednesday, April 19th**. **For this event**, our two best teams will be chosen to attend.

Further details will be provided to those who are invited!

The goal is to focus attention on talking with our kids about money – and to encourage and support parents, guardians, and teachers to

start or continue such talks with youth. Canada's Task Force on Financial Literacy noted that improving financial literacy was a shared responsibility, that it would be a lifelong process, and that it was important for financial education to be provided in our public schools.
