MENTAL HEALTH WEEK MAY 6-10

Healing through Compassion

A CALL TO BE KIND :We all have the capacity to be compassionate, and we know that doing so can make an enormous difference. This year's Mental Health Week is centered on the healing power of compassion. In a world plagued by suffering, we emphasize that kindness is equally intrinsic to our humanity. Compassion connects us all.

Kindness is all the different ways — both big and small — we express care, concern, and consideration for ourselves and those with whom we share the world.

Kindness shows up as a supportive smile, a comforting embrace, and a helping hand when we need it the most — but may expect it the least. It exists as heartfelt words of encouragement, thoughtful gestures of affection, and compassionate acts of generosity so many of us witness, perform, and receive as we move through life. In a world filled with struggle and pain, kindness is like a deep cleansing breath that rejuvenates us with its purity, refreshes us with its goodness, and gives us the strength to persevere despite our troubles.

MAY brings...

In April we had a fun filled Circulation Ball event with Priestman Street School where our interested grade 4 and 5 students had a chance to play friendly matches with the Priestman students. Our grade 5 students then took part in the district Jamboree. We had 2 teams attend this event where each team played other schools from the south side at the Currie Centre.

We are currently fundraising for the heart and strokes "jump rope for heart" event. Students who participate in fundraising will have an opportunity to receive specific items based on the amount they fundraise. We will be **fundraising online only** following the online link provided by classroom teachers or finding Montgomery Street Schools fundraising page on the heart and stroke foundations website.
